STEAM BATH / TURKISH SAUNA

- Temperature: 40°C - 60°C, Humidity: 100%
- Steam bath or Turkish sauna is one of the oldest forms of relaxing and cleansing your body. It improves circulation, opens skin pores, cleanses the skin which hence assumes a youthful, gentle and soft appearance. The high level of humidity in the Turkish sauna and natural essential oils scented air favorably affect airways. Staying in a steam sauna contributes to deep physical and mental relaxation, and a sense of harmony.
- A recommended stay in a sauna means: one sauna cycle lasts between 10 to 15 minutes, cooling off and taking a 20 minutes break between each sauna cycle is mandatory. Two to a max three sauna cycles (entering the sauna facility) are recommended.

FINNISH SAUNA

- Temperature: 80°C - 100°C, Humidity: up to 10%
- Useful in detoxicating the body, conditioning blood vessels, heart and psychological as well as physical relaxation. It can also be used as a preparation for a massage. A recommended stay in a sauna means: one sauna cycle lasts between 10 to 15 minutes, cooling off and taking a 20 minutes break between each sauna cycle is mandatory. Two to a max three sauna cycles (entering the sauna facility) are recommended. rashlađivanje i odmor od 20 minuta između svakog ciklusa korištenja saune. Preporuča se 2 do maksimalno 3 ciklusa sauniranja (ulaska u saunu).

WHIRLPOOL – HYDRO MASSAGE

- Park Spa Zone whirlpool is equipped with hydro and air nozzles for hydro massage. Whirlpool hydro massage is a natural form of massage where water is utilized to perform the massage.
- It is recommended as an extremely efficient manner of releasing tension, relaxing the muscles, provoking organism detox, encouraging circulation and giving a feeling of relaxation and harmony.

FITNESS ROOM

- We recommend using saunas after your recreation in the fitness room. Workout benefits your physical and psychological health, and in combination with sauna benefits it gives incredible results. Sauna and workout combination will increase your training performance, improve the quality of your skin and relax your body after a good workout.
